Safe and easy Graffiti Removal Process

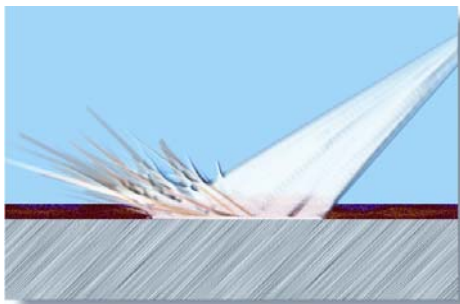

The easiest and safest method of graffiti from surfaces.

Will not damage the brick, stucco, just about any building substrate.

1 man can do in 3-4 hours what used to take 3-4 men 3-4 days to do.

Get rid of the eye sore, and show off your business or school.

Studies are being done on a deterrent for "tagging." Most experts agree that fast removal is the best method of eliminating the problem. That is where we can help you. Within a matter of minutes, it will look like nothing ever happened. Let us help you turn a *War on Graffiti* into a maintenance program.

Soda Blaster Sales, a Missouri based company is pleased to announce that it is now offering a new method for graffiti removal. Take a look at a sample of our work or ask The city of Chicago. Having re-cycled the old trash trucks into mobile sodablasters, they are noticing less and less of a problem. Some neighbors and business owners come out to hug the blasters for the great results they are seeing.
